

CONVERSATIONS ABOUT PARENTHOOD WORKSHOPS

Enhancing relationships with sons, daughters and other family members

Invitation

We invite *parents, grandparents, stepparents, foster parents or primary caregivers* to participate in our conversations about parenthood. Topics of discussion include parent-child connection, child development, communication, and conflict-resolution.

Workshop Structure

There are 3 workshops. The workshops are planned according to the age of the child. There are parenting workshops for children 2 to 5, for youth 6 to 12, and for teens 13 to 18. All 3 workshops run for 4 consecutive weeks. Each week there is one session that lasts 2 hours. Parents interested in exploring issues related to stepfamilies and blended families will spend an additional 30 minutes on week 3.

Childminding

Adults with children 2 to 12 attending the workshop can request childminding services.

Times and Location

The workshop is offered several times throughout the year. Dates and times are influenced by the particular needs of the participants. The workshops are facilitated in Beacon Community Service Main Office at 9860 Third Street, Sidney, BC
